

***Exciting Changes at
PM Construction***

It's hard to believe that over 20 years has passed since PM Construction landed its first major commercial contract. Through the years we have been working together, we have brought a strong focus to project management, helping you complete your projects on time, on budget and right the first time. It is for this reason we wanted to personally notify you of some very exciting news.

Effective April 1, 2010, Phil, a partner and founder of PM Construction Co. Inc., will be retiring from the construction business and relocating to Kentucky, where his wife Amy is launching her new career. As such, I will be taking over as President and Chief Executive Officer.

Phil and I have worked together for over 20 years, with Phil opening many doors for our company that allowed PM to develop as one of the largest contractors in Maine. It is great to see Phil have this exciting opportunity.

He is leaving at a time when PM is stronger than ever, with a solid pipeline of work and a top-quality, veteran team already in place to take the company to the next level. That is why we are also very pleased to announce the promotions of two long-term employees, George Laplume to Vice President of Operations and Laura Blanchette to Director of Business Development.

We appreciate the many years of loyalty. Thank you for your support and confidence during this transition. We look forward to our continued relationship and welcome any questions you may have regarding the future of our company. Please feel free to stop by, or call (207) 282-7697. Thank you from all of us at PM Construction.

Warmest regards,
